General Safety Information

1. Product Identification

- **Avalon Harmonics Alcove** Eurorack module is manufactured by Talonair Technologies, under the brand name Avalon Harmonics. For any questions, please contact the manufacturer using the contact information at the top of this document.

2. Intended Use:

- The module should only be installed in a Eurorack modular synthesizer rack. The module should not be used with any other type of modular system.

3. Material information:

- The module is made out of PLA 3D printing filament.

4. Warnings and Cautions:

- Do not expose the module to any aggressive liquids. Doing so may cause product damage.
- Keep the module away from heat sources, such as radiators, stoves, or other devices that produce high amounts of heat.
- Avoid dropping or subjecting the module to strong impacts, which may damage it.
- Do not bend, crush, or expose the module to excessive force.
- Use a dry cloth or brush to clean dust.

Handling and Usage

1. Operating Instructions:

- The module should be installed into a Eurorack modular synthesizer rack. Use the two included screws to affix it to the rack's rails.
- For detailed use and application, visit the official website of the module:
<https://avalon-harmonics.com/module/Alcove/>

2. Power Supply Information:

- The module does not connect to any power supply and does not consume any power.

3. Maintenance Instructions:

- In case of malfunction or damage to the module, please contact the manufacturer using the contact information at the top of this document.
